Milk Bar Film Festival #1

CALL FOR ENTRIES

The Milk Bar, an ongoing salon showcasing new performance, video/film, music, and installation work is proud to present our first annual Live Art - FILM and VIDEO festival.

Dear Milk Bar artists (past and future),

What we're seeking: are independent short films under 20 minutes.

While we will consider all submissions on their own individual merits we are encouraging work that uses film/video as a Live Art or live medium. The one key requirement is that your submission must involve presented film/video as a primary element.

What that means is up for definition, but, examples could include: live music score, sculptural installation, live performance, and live video. We have facilities for 16mm/super 8mm film, and, DV/VHS/DVD video projection.

We are open to considering installations making use of our space, and other public building areas that may be accessible.

Dates: The festival will be the night of Friday Feb. 3rd, 2006 at the Milk Bar in Oakland CA.

The deadline for RECEIPT of entries is Monday Dec. 19^h, 2005.

We will make our acceptance decision before the year's end.

Looking forward to seeing all your work—and seeing you for a great evening and dinner on us the night of Feb. 3rd, 2006!

Ian, Mary, and Merlin
